

10x Genomics Virtual User Group Meeting

20 November | 14:00 – 17:00 CET

| Friday, 20 November, 2020 | | | |
|---------------------------|---------------------------|---|---|
| Time (CET) | Speaker | Affiliation | Title of Talk |
| 14:00 – 14:10 | Valentina Meneghin | Regional Marketing Manager, 10x Genomics | <i>Welcome and Introduction</i> |
| | Diego Muzzini | Product Manager, CARLO ERBA Reagents Srl | |
| 14:10 – 14:40 | Francesco De Sanctis, PhD | Università degli Studi di Verona Sez.Immunologia, Dipartimento di Medicina Policlinico G.B. Rossi | <i>Deciphering the state of immune silence in fatal COVID-19 patients</i> |
| 14:40 – 15:10 | Matteo Marzi, PhD | Center for Genomic Science IIT@SEMM, Italian Institute of Technology | <i>Dissecting cancer cell plasticity through single cell omics: from single cell tracking to transcriptional fingerprinting</i> |
| 15:10 – 15:25 | Break & Networking | | |
| 15:25 – 15:55 | Enrico Lugli, PhD | Principal Investigator Laboratory of Translational Immunology Head, Humanitas Flow Cytometry Core Humanitas Clinical and Research Center, Milan | <i>Two subsets of stem-like CD8+ memory T cell progenitors with distinct fate commitments in humans</i> |
| 15:55 – 16:25 | Alma Andersson | Royal Institute of Technology (KTH), Science for Life Laboratory, Sweden | <i>Exploring the cell type topography by integration of spatial and single cell data</i> |
| 16:25 – 16:45 | Luca Mazzitelli | Science and Technology Advisor, 10x Genomics | <i>Make your discovery at true resolution with the new 10X Genomics solutions</i> |
| 16:45 – 17:00 | Valentina Meneghin | Regional Marketing Manager, 10x Genomics | <i>Conclusion & Wrap Up</i> |
| | Diego Muzzini | Product Manager, CARLO ERBA Reagents Srl | |
